

THE PERUGIA

PLAN # RF-VOO-002

Form, function, and sustainability come together in this wonderful duplex home. An attached garage in the front allows for a safe entry into your home and keeps the leaves off the convertible. The dining/living room has a 12 foot ceiling for a grand, open feeling when you walk in the front door. The master bedroom has a walk-in closet, master ensuite, and a highly functional balcony. The two other rooms share a three piece bathroom.
